## About us

"At 14 years old, my passion for pain relief started as I watched my Mom suffer from the devastating effects and chronic symptoms of Multiple Sclerosis. I made it my mission in life to develop products that help people relieve their pain and relax naturally. Thankfully that dream has come true. The people I care about most use iReliev products, so we strive every day to make them better. We could not be more thankful for the opportunity to serve you."
